

SRM University
M.Tech Automotive Hybrid Systems Engineering
 (Collaborative program with NFTDC, Hyderabad)
 (Proposed syllabus from the academic year 2015-16)

Other courses

		L	T	P	C
AH 2195	PROJECT MANAGEMENT - II	1	0	0	1
	Total Contact Hours-15				
	Prerequisites				
	Nil				
PURPOSE					

Project Management in Technology Development Projects

(i) Understanding Technology Readiness Levels (TRLs)
 & mapping of TRLs to End to End Technology Development

(ii) TRL-3 : Critical function definition in product and processes

(iii) TRL 4-6 : Prototype and Engineering Scale Model and Imposition of Service Conditions

(iv) TRL - 7 : Pilot Production; techno economic studies and design for scale up
